

Worldline U.S. Digital Onboarding

Offer your US clients the quickest way to get up and running with online payments. With a fully digital application process, your customers can sign up for payment accounts within minutes.

Our user-friendly interface allows applicants to easily complete applications from anywhere. Say goodbye to paper applications, lost documents, and waiting on those often-broken copy machines. Offer a seamless and efficient way to onboard your clients onto Worldline's payment solution.

**Faster time-to-market**

**Increased data accuracy**

**Enhanced convenience**

**Eco-friendly**

**Brandable interface**

**Online AMEX application**

**Time efficiency**

Allow customers to choose from a variety of payment options. From credit cards to bank transfers, we have you covered.

- All major credit cards    
- All major debit cards
- ACH/Bank transfers

Our team is here to guide your customers through the entire application process. We have step-by-step guides for those wanting a quick option to send off, or you can have them contact your dedicated Account Manager to have any questions or concerns answered.

Ready for your upgraded application flow?

No action is required of you! Any US-based merchants who sign up for a Worldline account through your business will experience our new digital onboarding flow.

Check it out for yourself! [Demo a test application here.](#)
